## Attendance

Voting members
<ul style="list-style-type: none"><li>• Kichwa Coders – Tracy Miranda – <i>present</i></li><li>• IteMa – Torkild Ulvøy Resheim – <i>present</i></li><li>• ORNL – Jay Jay Billings – <i>present</i></li><li>• Diamond Light Source – Peter Chang – <i>absent</i></li><li>• Eclipse Foundation – Marc Vloemans – <i>present</i></li><li>• IBM – Serban Maeran – <i>excused</i></li></ul>
Non voting attendees
<ul style="list-style-type: none"><li>• Ian Mayo</li><li>• Christopher Brooks</li><li>• Philip Wenig</li></ul>
Total attendance: 4 of 6 voting members

## Agenda

### 1. Simultaneous release close out

Looks good – TeXlipse is not officially approved yet, but that should happen today. The press release is out, Twitter is buzzing with activity. We'll keep spinning on this for a few weeks.

### 2. Strategy Initiative - overview of draft doc

Only had four responses to the requested input. We will revisit the topic during EclipseCon next week. Philip will bring it up during the unconference and we'll use a BoF slot on Wednesday next week. *Update: BoF booked for 18:30 on Weds, in Schubartsaal.*

### 3. EclipseCon 2017

Philip is doing the unconference. We have no record of attendance. The past few years we've had a wiki page where people could sign up. We should probably repeat that for the next opportunity. There will be at least a few people, I assume.
